Gamia Metal

Gamia Wood

MISTERSTEP presents the simple beauty of spiral staircases in two products that offer accurately finished details, a very affordable cost, and a balance of materials that adapt to every environment.

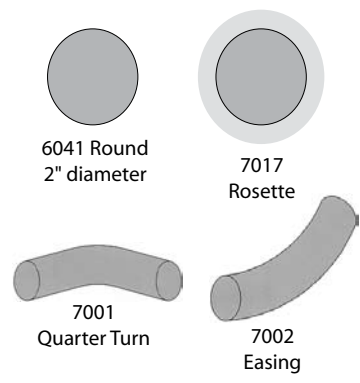

GAMIA METAL (Brio), with neutral light gray metal treads, and GAMIA WOOD (Phola), with wood steps in a natural oak finish, are graced by your choice of rails in custom carved wood rounds or the economical, flexible, "Moplen" handrail in black to match the durable finish on the metal balusters that complete the system.

**Product Features:**
